**BSCC EVALUATION OF ATHLETIC SERVICES, SPRING 2009
(COACHES & ATHLETES)**

Written Comments:

FAYETTE CAMPUS ATHLETES:

1. Baseball field needs a parking lot not a grass hill.
2. Its Ok
3. the school needs to spend more money on the baseball field to attract better athletes. without doing this is a result to losing better players and hurting the school in the athletic department.
4. baseball feild needs a parking lot
5. Locker Room floods

HAMILTON CAMPUS ATHLETES:

1. Well here we go once again i mean i can't stress fairly another about how badly we need a track how many time do we really need to say we need a track. Track track track track track track track tarck
2. We have to ride 30 minutes to get to the nearest track. The weight room is always crowded and the occupants always complain about us being in there. The facility is usually clean and well put together its just very small.
3. It is not fair that we have break up our practice because outsiders complain about us using the equipment in the wellness center. we are unable to get in a good practice because they have not even provided the necessary things for us to even be considered a real track team. my high school track program was better equipped than this! WHY ARE WE NOT ON THE CAMPUS THAT HAS A TRACK?!
4. We need a track if not move to another Bevill that has a track.....track...track....
5. need a track close to campus, more practice on the track
6. We need a track!!!! ...or on a campus where there is a track.
7. We do not have a track at Bevill to practice on, which, in my opinion, is hurting the track program. We have to share a track with a high school's team while they are practicing, and it's 25 minutes away, therefore it is difficult and inconvenient to practice technical work as well as other necessities in order to develop a stronger athletic program.
8. it would be nice if we could have a track on campus.

JASPER CAMPUS ATHLETES:

1. THE BEST

SUMITON CAMPUS ATHLETES:

1. The baseball field is much nicer than the softball field. Players would take pride in the field if it was nicer. Would be way more intimidating to other teams as well.

2. softball field could use some work.
3. like the apartments. just needs a little work.they are old. FIELD NEEDS WORK!!!!!!
Baseball team has more maitenance and semented bleachers. We dont have a weight room technically, but we do get free membership at the Global gym which is GREAT! makes up for it.
4. We should have our own weight room
5. Our field is awful. I have never seen a College field look so bad.
6. It is very obvious that the baseball field has better equipment as well as being kept up better. The time spent on keeping up the grass as well as weeds is very poor for softball. Also, baseball is very nice outside the field, better landscaping as well as the field itself looking a lot better than the softball field.
7. The baseball field is held up alot more than the softball team. they have all the excellent and necessary equipment while the softball team does not. they also do not share the equipment needed.

FACILITIES BY COACHES:

1. need new gym
2. Gym is old and outdated. Restroom facilities are not accessible.
