*Campus headcount is unduplicated and based on where students are taking the majority of their courses. Actual student numbers per campus would be slightly higher.

**The Web campus category was added in 2009 to better track distance education enrollments.

Note: With the exception of the Hamilton Campus, in the summer of 2009 fewer students enrolled in traditional, brick and mortar classes. The enrollment and credit hour growth for the summer can be attributed to distance learning (which accounts for 11% of the semester credit hour production) and enrollment growth on the Hamilton Campus.
