Rationale for Judgment of Compliance:

Bevill State Community College offers a curriculum that is directly related and appropriate to the [mission](#) and goals of the institution. The College's specific purpose in developing curriculum is to provide "quality educational opportunities and services that enrich lives intellectually, culturally, and economically." The College accomplishes this mission through a [variety of programs](#), such as Associate in Arts, Associate in Science, and Associate in Applied Science degrees; Applied Science and Career Technical Certificates; and Developmental Studies, Adult Education, English as a Second Language, Distance Education, and Continuing Education courses. This wide range of programs and activities prepares graduates to pursue further educational, occupational, and personal goals. In accomplishing this, the College enriches individual students, their communities, and their future employers.

To ensure alignment with the College's mission and goals and to ensure good higher education practices, all educational programs, certificates and degrees for which academic credit is awarded are approved by the faculty and the administration in accordance with Alabama State Board of Education [Policy 712.01: Degrees and Awards](#). A key component of curriculum review at the College is its curriculum committees, whose membership and responsibilities are described in the Bevill State Community College [Personnel Handbook](#). Curriculum committees include broad faculty representation and make recommendations on the appropriateness of curricula and other instructional matters.
